

Additions and Corrections

Jinwen Xie, Jing Sun, Guolin Zhang, Richard A. Houghten, and Yongping Yu*: A Traceless Approach for the Solid-Phase Parallel Synthesis of Trisubstituted Oxindoles

(*J. Comb. Chem.* **2007**, *9*, 566–568)

The traceless cleavage of oxindoles from a solid support by cleavage of a sulfur linker using SmI_2 has been previously reported by Procter; see ref 14c.
