

## Correction to Morphology of Multi-Walled Carbon Nanotubes Affected by the Thermal Stability of the Catalyst System

E. Dervishi, Z. Li, A. R. Biris, D. Lupu, S. Trigwell, and A. S. Biris\*

*Chem. Mater.* **2007**, *19* (2), 179–184. DOI: 10.1021/cm062237l

This article was found to contain data and graphics that were improperly included and misused in two papers subsequently published in other journals by the same authors (*ACS Nano* **2009**, *3*, 3221–3227, DOI: 10.1021/nn900887m; *J. Phys. Chem. C* **2007**, *111*, 17970–17975, DOI: 10.1021/jp0740346). The *ACS Nano* and *J. Phys. Chem. C* articles have since been retracted. Moreover, two figures in this article (2a and 2c) are the same as those contained in another paper (*Carbon* **2006**, *44*, 2032–2038; DOI: 10.1016/j.carbon.2006.01.008; Figures 1a and 2) and were not acknowledged as such in the *Chem. Mater.* paper.
