

Correction to An Unusual Interweaving in a 3-Fold Interpenetrated Pillared-Layer Zn(II) Coordination Polymer with a Long Spacer Ligand

In-Hyeok Park, Kihwan Kim, Shim Sung Lee,* and Jagadeese J. Vittal*

Cryst. Growth Des. **2012**, *12*, 3397–3401. DOI: 10.1021/cg300598y

The following corrections affecting scientific content were not incorporated into the final version of the paper:

Abstract: Line 3 “pillar” should be “pillared” and line 7 “diethylpyrocarbonate (DEPC)” should be deleted

p 3398, left column, line 3 “structure α -Po” should be “structure with α -Po”; line 13, “ncd” should be “H₂ndc”; and line 18, “Zn₂(O₂C–)₄” should be “Zn₂(O₂C–C)₄”

p 3398, line 34 “consequence these” should be “consequence of the long space, these”
