

Correction to Template-Free Growth of Micro/Nanocrystals of Magnetic Molecular Conductors by Electrocrystallization on Platinum Electrode [*Chem. Mater.* **2009**, 21, 5569. DOI: 10.1021/cm902293p]. Xiangfeng Shao,* Yuhta Yamaji, Toyonari Sugimoto,* Hisashi Tanaka, Dominique de Caro, and Lydie Valade

Page 5570. There is a typographical error for the unit cell parameter of $4_2 \cdot \text{FeCl}_4 [(\text{EDT-EDSe-DSDTFVS})_2 \cdot \text{FeCl}_4]$. In the original report, $b = 17.17(1) \text{ \AA}$. After the experimental record was checked, this value should be modified to $b = 15.17(1) \text{ \AA}$. This correction does not affect any discussion/conclusion of the original article.
