Weiyu Yang, Fengmei Gao, Huatao Wang, Zhipeng Xie, and Linan An* Asymmetric Silicon Nitride Nanodendrites

Page 2607: Figure 2d should be corrected as shown below.

Figure 2d: Schematic model of branches grown on the $(1\bar{2}0)$ side of the preformed stem.

Page 2607: Figure 3b should be corrected as shown below:

Figure 3b: Structural model of α - Si_3N_4 viewed from $[001]$.

In brief, the negatively charged plane of $(0\bar{2}0)$ for the asymmetric growth of nanodendrites should be revised to $(1\bar{2}0)$. All of contents in the manuscript text associated with this point should be corrected.
